Build Night #7

Logan Jackson

Machine Learning and Parametric Design for Sustainable Living

Progress

Okay everyone explain to me their part of the project, show me deliverables actually what we have completed. I want to know how unfinished everything is.

Scope of the Project at this Point

What are we trying to do? What is the direction we are headed?

Assignment

Refine our product, tie up lose ends start coming to close where we're at.

Important Components for the Next Stage

- Goal
- Methods / Approach
- Data and Implementation
- Conclusions etc.
